## THE GOOD LIFE

You won't find a friendlier, safer place to live, work and play – that's why we call living here The Good Life. There's always plenty to do and our community is experienced hosting regional, national, and international events and conferences thanks to the John Q. Hammons Convention Center and local hotel properties. The Northwest Arkansas region hosts some of the best events in the nation, for both business and pleasure.

The Walmart Arkansas Music Pavilion (AMP) in Rogers is the region's premier outdoor concert venue offering the best live music in the area. The Arkansas Public Theatre provides live theater experiences for audiences, performers, and students, enhancing the Rogers Historic

District and creating a regional destination. And there is plenty of fun to have at the Frisco Festival, Mudtown Days, the Railyard Bike Park, Lake Atalanta Park and the trails of the Razorback Regional Greenway.

## ONE OF THE MOST DYNAMIC REGIONS IN AMERICA

Northwest Arkansas' historic downtowns and vibrant entertainment districts are recognized as top destinations for shopping, dining, and the arts. Outdoor amenities abound with multiple state parks, 487 miles of Beaver Lake shoreline, an impressive regional trails system, a botanical garden, and hiking, biking, and boating opportunities galore!

Hit the rapids year-round at the Siloam Springs Kayak Park, or tee-off at one of Bella Vista's challenging golf courses. Don't miss Bentonville's awe-inspiring Crystal Bridges Museum of American Art.

Our Diversity & Inclusion efforts continue to make Northwest Arkansas a welcoming and accepting place to visit and stay. By 2022, the region will be nearly 18 percent Hispanic/Latino, and most of the region's minority populations are becoming larger and larger portions of the overall population ([www.NWACouncil.org](http://www.NWACouncil.org)). The Rogers-Lowell Area Chamber of Commerce and Visit Rogers place a strong emphasis on Diversity, Equity and Inclusion (DEI) principles through programs and educational outreach, leading to the organization receiving the Nonprofit Trailblazer Award at the 2019 LatinXNA Empowerment Forum. ¡Bienvenido al noroeste de Arkansas!

# EXPLORE THE OUTDOORS

## BEAVER LAKE

Vacationers and fishermen have been making the trek to explore scenic Beaver Lake, nestled in the Ozark Mountains of Northwest Arkansas, since the late 1960s. Located just 10 minutes from downtown Rogers off Scenic Hwy. 12, Beaver Lake boasts over 31,000 sparkling blue acres of water for outdoor recreation. The lake is surrounded by 487 miles of spectacular shoreline featuring limestone bluffs, natural caves and wildlife plus fall foliage said to rival that of New England. Access to the natural beauty and recreational activities of Beaver Lake is available at numerous developed parks including modern campsites, picnic sites, swimming areas, hiking trails, group shelters and amphitheaters. Boat launch ramps abound and many of the parks have year-round marinas offering groceries, fuel, boat rental and storage and fishing guides.

### TYPES OF FISH FOUND IN BEAVER LAKE

Blue Catfish	Largemouth Bass
Bluegill	Redear Sunfish
Bream	Smallmouth Bass
Channel Catfish	Spotted Bass
Crappie	Striped Bass
Flathead Catfish	Trout

### FISHING

Beaver Lake is nationally renowned for striped and largemouth bass, crappie, bream and catfish, and, with so many great fishing holes, it has been a stop on national fishing tours. At the dam, colder water provides habitat for rainbow and German brown trout, while other sections of the lake are known for small and largemouth bass, crappie, bream, white bass, stripers, and channel catfish. For an assortment of rainbow and brown trout, bass and sunfish, try the White River, Beaver Lake's tail water, located downstream from the dam. For detailed information on fishing guides, bait and tackle shops visit [RogersLowell.com](http://RogersLowell.com) for current business listings.

## CAMPING & HIKING

The U. S. Army Corps of Engineers operates 673 camping sites with electrical hookups in 11 parks around Beaver Lake. For more information, contact the Corps of Engineers at (479) 636-1210 or visit [recreation.gov](http://recreation.gov) to check campsite availability. ## HIKING HOBBS STATE PARK - CONSERVATION AREA

A variety of Arkansas state park trails are available for hiking in Hobbs State Park - Conservation Area (HSPCA). Arkansas's largest state park in land area, HSPCA offers breathtaking views with a 12,054-acre tract of diverse Ozark landscape including 22 miles of shoreline at Beaver Lake. With Beaver Lake to the north and War Eagle Creek to the south, HSPCA stretches across portions of Benton and Madison counties.

Don't forget your camera to capture the park's winding trails and breathtaking landscape consisting of plateaus, ridges, valleys, and streams featuring an upland

forest of oak, hickory and pine. Water features, including disappearing streams, springs and seeps, have carved the many hollows in this fragile limestone landscape and created cave-related features and sinkholes. Hobbs trails have gated access that open approximately one-half hour prior to sunrise until one-half hour after sunset. The exceptions are Ozark Plateau, which closes at 5:00 p.m. every day and Pigeon Roost trail, which remains open for campers.

In 2019, Arkansas State Parks created the first of a series of Monument Trails at Hobbs State Park. The Monument Trails are world-class mountain biking single-track trails within Arkansas State Parks that showcase natural iconic beauty, innovation and sustainability. These multi-use trails offer enduring outdoor experiences to trail riders of all skill levels, with an adventure-minded approach that ensures accessibility for users. Through extraordinary and varied mountain bike riding, innovative building techniques by some of the nation's best trail builders, and the unique terrain and topography of the Arkansas State Parks, Monument Trails are state of the art, sustainable trails.

## MORE OUTDOOR RECREATIONAL OPPORTUNITIES

Boating, sailing, scuba diving, water skiing, wakeboarding, kayaking, swimming and picnicking are some exciting ways to enjoy the outdoors on Beaver Lake. In addition to recreational activities on the water, the area also offers spelunking in natural caverns, biking and walking on beautiful greenways and paved trails, and a variety of unique outdoor adventures including a wildlife refuge, a working water-powered grist mill, botanical gardens and a natural science center.

## SCUBA DIVING

Beaver Lake waters are deep, clean, and clear bringing scuba divers from not only Arkansas, but also Oklahoma, Missouri, Kansas and beyond. Beaver Lake is optimal for scuba diving because the water depth (300 feet in areas) and visibility are great. On the north side of the lake you can often view the submerged expanse of the lake. There are sunken boats and old cars, and in some areas, there are even sunken statues, placed by locals. One place that is very popular for scuba diving is The Old Foundation (located at Monte Ne on the edge of Beaver Lake near Rogers) which is often under water. It once was a world-class resort built in the 1800s that had the world's two biggest hotels at the time. On days when the lake is low, visitors can still see the foundations of the resort, the large bridges and sometimes the resort's amphitheater.

The most common use of scuba diving in Beaver Lake is for schools. Many groups come to Beaver Lake to practice their diving to get a license such as their open water dive. Some

come simply to brush up on their skills before heading out on vacation. Lost Bridge Marina offers pontoon boats for half-day and full day rentals, perfect for scuba diving groups. The marina also offers scuba accessories and air tank refills for your convenience.

[www.LostBridgeMarina.com](http://www.LostBridgeMarina.com)

## STANDUP PADDLE BOARDING (SUP)

Standup paddle boards are basically extra-long surfboards. SUP is a surface water sport where the surfer uses a paddle to move through the water while standing on a surfboard. Standup paddle boarding is an ideal sport to learn on flat bodies of water and provides the sensation of walking on water. SUP Outfitters offers rentals, lessons with certified instructors, SUP Yoga and ECO tours on Beaver Lake. [www.SUP-Outfitters.com](http://www.SUP-Outfitters.com)

## WATER SKIING & WAKEBOARDING

Beaver Lake's smaller coves offer the perfect spots for water skiing and wakeboarding. Marinas offer ski boat and high-performance pontoon rentals (great

for tubing and water skiing). The lake is rapidly emerging as a prime destination for wakeboarding in the central United States, featuring competitions and a growing population of devoted fans.

## KAYAKING & SAILING

Wide open spaces on Beaver Lake leave plenty of room to enjoy kayaking and sailing. Kayak around Bear and Deer Islands or sail from Prairie Creek to the dam. The Beaver Lake Sailing Club is dedicated to a family atmosphere with the enjoyment of sailing in all forms. It offers racing, social, cruising and other sailing related activities for sailors of different skills, experience and interests. For detailed information on boat rentals and marinas visit [www.RogersLowell.com](http://www.RogersLowell.com) for current business listings.

## SPELUNKING

Those who explore the natural wonders of the Arkansas Ozarks—miles of unspoiled forests, lakes, rivers, and much more—might not realize there is another wilderness just

beneath the surface. Below scenic mountains, lush valleys, and clear-running streams is an often-dazzling underworld—the limestone caves of the Ozarks. If you are the adventurous type and want a vacation which will certainly provide you with some excitement, the opportunity to explore the caves in Arkansas should certainly not be overlooked.

## WAR EAGLE CAVERN ON BEAVER LAKE

War Eagle Cavern on Beaver Lake in Northwest Arkansas is one of the top attractions to include when planning your list of things to explore in this historical area. Conveniently located one-half mile off Scenic Highway 12 east of Rogers, War Eagle Cavern on Beaver Lake offers hours of affordable fun for the entire family. Arkansas' most popular private show cave, it features a spectacular natural entrance on the shores of Beaver Lake. Follow the meandering stream straight into the mountain, with wide, level pathways, unique formations, two waterfalls, and an underground lake.

Visitors in the spring or late fall will be amazed by hundreds of hibernating bats clinging to the walls and ceilings throughout the cavern.

After the tour, enjoy short nature trails in a park-like setting, feed the fish from the boat dock on Beaver Lake, enjoy scenic overlooks of the lake and woodlands, and uncover fossils in The Big Dig. Enjoy shopping in the area's most unique gift shop, have fun challenging the "Lost in the Woods Maze" and pan for real gemstones at the War Eagle Mining Company. 60-minute tours are led by friendly, knowledgeable, story-telling guides. No reservations are necessary. They are open daily from early March through Thanksgiving weekend. The facilities have limited handicap accessibility, picnic grounds, and are pet friendly. In 2019, the Cavern launched the Moonshiners' Mystery Shack. Years ago, moonshiners operated in the cavern – it was perfect for making the "Devil's Brew" – in fact, the cove of Beaver Lake where the cavern is located is still referred to as Devil's Gap. Years after the cavern was opened for public tours, remnants of a still were found in the cavern, and remains of what must have been a shack were discovered on the hillside. Local lore has it that the good ole boys would stay in this shack while making their "White Lightning" inside the cavern. Building from

the foundations remaining, it was soon discovered that gravity had gone wrong. Experience it yourself! Expect to be totally confused as the laws of gravity seem to no longer apply! [www.WarEagleCavern.com](http://www.WarEagleCavern.com)

## BEAVER LAKE OUTDOOR CENTER

Beaver Lake Outdoor Center offers rentals and tours for those who enjoy the outdoors. They have kayaks, stand up paddle boards, mountain bikes, jet skis, tubes and camping materials.

## COSMIC CAVERN IN BERRYVILLE

One of the most fascinating of all the caves in this region is Cosmic Cavern located just outside of Berryville at 6386 Hwy. 21 North. An hour-long guided tour is offered, which will take you through the cavern as well as through several portions of the largest underground lake in the entire state.

When you are in Northwest Arkansas this is a must-see destination. It is Arkansas's largest privately owned show cave. It is also one of the state's most beautiful natural attractions. The Cavern is open Spring, Summer and Fall. [www.CosmicCavern.com](http://www.CosmicCavern.com)

## TURPENTINE CREEK WILDLIFE REFUGE

Atop the Ozark Mountains on over 450 acres and home to a variety of exotic and native animals, Turpentine Creek Wildlife Refuge (TCWR) is one of the largest and most respected Big Cat sanctuaries in North America. A nonprofit organization providing compassionate care and a lifetime home to victims of the exotic animal trade, this USDA licensed facility is a "Top 10" attraction in Arkansas and one of the most popular in Eureka Springs.

Spend the day learning about African lions, leopards, and servals; Bengal and Siberian tigers; and native black bears, bobcats and cougars housed in spacious 5,000 to 20,000 square foot habitats. Or experience Africa in the Ozarks by staying overnight in one of TCWR's unique lodging accommodations that have been featured on the Travel Channel series, Hotel Impossible. And consider attending one of the organization's annual events like their high-flying "Art with an Altitude" Kite Festival, their glamorous Cats at the Castle fundraiser, or their frightfully fun Howl-O-Ween Spooktacular!

Along with access to a self-guided Discovery area, your admission includes a guided walking tour by one of the Refuge's knowledgeable interns. Guided walking tours

are conducted every hour on the hour from 10:00 a.m. to 4:00 p.m. (summer hours) and follow a one-half mile tour loop where you'll learn about some of TCWR's largest animal residents. During this tour you'll also learn about an area known as Rescue Ridge, as well as the Refuge's onsite Jackson Memorial Veterinary Hospital and new 140,000 square foot bear habitat. Electric/manual wheelchairs are available complimentary. Trolley service is available for an additional fee.

The Refuge also offers group discounts, animal sponsorship opportunities, new tiered membership options, and an educational Cub Club program for children. So visit their website for more information or follow them on social media for regular updates, photos, videos and more. [www.TurpentineCreek.org](http://www.TurpentineCreek.org)

## WAR EAGLE MILL

Visit a working water-powered grist mill and scenic Ozark site featuring the Historic War Eagle Bridge. War Eagle Mill's 18-foot undershot water wheel rotates when water strikes the paddles (blades) at the bottom of the wheel. The force of the water's movement drives the blades of the wheel, which rotates a turbine that drives the mill's machinery. This, in turn, allows the millstone to grind the grain into flour. Browse the War Eagle Mill Store for

crafts, baskets, Arkansas jams and jellies and stone-ground whole grain meals and mixes. The entire first floor is dedicated to organic and Non-GMO grains, flours and mixes. Watch the miller at work, feed the geese, wander the grounds with historic home sites and enjoy breakfast or lunch at the Bean Palace Restaurant. Regionally renowned craft fairs are also held throughout the War Eagle area including War Eagle Mill each spring and fall. Located 13 miles east of Rogers off Scenic Hwy. 12 at 11045 War Eagle Rd.

## OZARK NATURAL SCIENCE CENTER

The mission of the Ozark Natural Science Center is to enhance the understanding, appreciation and stewardship of the Ozark natural environment. They achieve this by providing educational programs that immerse participants in the wonder of the Ozarks ecosystems and celebrate ecological and cultural diversity, foster conservation and stewardship, and nurture appreciation of nature in the Ozarks.

Their programs focus on helping children and adults develop a sense of place and a wonder for the diversity of life and the importance of natural systems around us.

# EXPLORE DOWNTOWN ROGERS

There's plenty to explore throughout the year "on the bricks" in downtown Rogers including the new Downtown Rogers Farmers Market, beautiful parks, and a variety of fun monthly events for the whole family.

## DTR MARKET

The DTR Market in downtown Rogers attracts growers and makers from all over Northwest Arkansas to sell their goods. The market is not only a home for local vendors, but also a gathering place for the community with food, drinks, and access to the Razorback Greenway trails which continue down to the Railyard Bike Park and Lake Atalanta. Families can ride their bikes to the market to shop, dine, and enjoy the activities of a revitalizing and growing Historic

Downtown Rogers district. The summer market is open May through October, Saturdays from 8:00 a.m. - 1:00 p.m. with an online market available year-round. The regular Market venue at 101 E. Cherry St. will be under construction during the 2020 season. The interim location will be at 120 W. Poplar St. [www.DowntownRogersInc.org/Market](http://www.DowntownRogersInc.org/Market)

The Market strives to reduce waste by offering composting through a partnership with Food Loops. Food Loops works with restaurants, farmers, microbiologists, crop and soil scientists, municipalities and more to

determine the best course of action to protect the planet. [www.FoodLoops.net](http://www.FoodLoops.net)

## DOWNTOWN PARKS THE RAILYARD BIKE PARK

The Railyard Bike Park in downtown Rogers opened in 2015 and is a natural-surface bike park with various elements allowing riders of any skill level to enjoy the park. Test your skills in the bike park then travel down a paved trail to explore Lake Atalanta Park or shoot off-road onto multi-use trails connecting to Lake Atalanta or Pleasant Ridge trails. The Railyard is open to the public from 6:00 a.m. - 10:00 p.m. unless otherwise noted due to weather or events. Call The Railyard Bike Park hotline to find out more at (479) 621-1120.

## LAKE ATALANTA PARK

Lake Atalanta is a special place for

# RENDERINGS OF RAILYARD PARK, SOON TO BREAK GROUND IN DOWNTOWN ROGERS

many long-time residents of Rogers and an important part of the historical fabric of the area. The reservoir, built from 1936-38 as a public works project of the Works Progress Administration (WPA), is named for Atlanta Gregory, the wife of O.L. Gregory who donated most of the land that now forms the lake. The downtown Rogers lake and surrounding park were renovated and re-opened to the public in 2016.

Enhancements include six fishing piers, a natural splash pad for kids, a treehouse, and 2,000-foot boardwalk. Relax in the serenity garden before meandering on the 10 miles of nature trails. Reserve the Clark Pavilion for a gathering of family and friends. Get your adrenaline pumping as you ride along the off-road mountain biking trails featuring multiple skill levels.

## ROGERS SKATEBOARD & SPLASH PARK

Enjoy some free fun in the sun at the Rogers Skate and Splash Park adjacent to the Rogers Activity Center at 315 W. Olive St. (corner of Olive St. and 2nd St.). It is open from 9:00 a.m. to 8:00 p.m. seven days a week during the summer. The Splash Park features 10 in-ground sprinklers, three water buckets and two moveable water cannons. There is no fee to use the splash park. Bring your camera! The park was revitalized for 2018 with murals created through a collaborative effort with Bike NWA, the City of Rogers and Arkansas Arts Academy students.

## RAILYARD PARK

Historical Railyard Park, formerly known as Frisco Park, celebrates the colorful transportation history of Rogers from Butterfield Stagecoach Line through Frisco Railroad.

This park also celebrated the marriage of Will Rogers to Betty Blake which took place two blocks east of this park. The park has a historical clock and is the beginning of the Frisco Historical Trail,  $\frac{3}{4}$  mile in length that connects downtown Rogers to Frisco and Diamond Spring and historical Lake Atalanta. The bottom half is A.D.A. accessible from the Clark Pavilion.

In 2018, the park underwent a major redesign and name change. Drawing on the regional and even national equity of the Railyard Bike Park, the new "Railyard Park" with its iconic Frisco logo, will serve as a gateway spanning east and west downtown Rogers through the Railyard Bike Park to Lake Atalanta and beyond. Its primary function is to serve as a vibrant hub of recreational and economic activity. The Park redesign parallels a massive improvement project to provide an easy, direct limited-access route from downtown Rogers to the new Walmart headquarters along I-49 and other points north, making downtown Rogers a much more convenient and attractive destination to live, work or play, with the Railyard Park as its centerpiece. A new bicycle

trail loop will connect downtown Rogers to the Razorback Regional Greenway from Blossom Way Creek to the south through the Rogers Activity Center, Regional Sports Park, and then along Turtle and Osage Creeks. This loop will allow Razorback Greenway users to easily access downtown Rogers, bringing thousands of new visitors to downtown Rogers. In addition to bicycle connectivity, the park will incorporate both bus and train stops. An Ozark Regional Transit stop and park-and-ride lot at the south end of the park will provide transit access to and from uptown Rogers, midtown, and eventually the new Walmart headquarters campus. As part of a regional transit plan, Railyard Park will provide a beautiful transit origin/destination for both commuters as well as recreational users, shoppers, cyclists, and tourists.

# EXPLORE NORTHWEST ARKANSAS CYCLING

Roadies, prepare to roll in Northwest Arkansas! The new Razorback Regional Greenway trail system runs for over 36 miles from Fayetteville north to Bella Vista. It's perfect for exploring the beauty of Northwest Arkansas on bicycle and suitable for all skill levels. Shared-use, off-road trails are plentiful.

Pen Mountain Bike Trail, The Heritage Trail System in Rogers covers close to 60 miles, Springdale offers 12 miles of trails and Fayetteville has 18 miles, some which are part of the Razorback Regional Greenway.

## GREENWAYS AND TRAILS

The Rogers Greenways & Trails Committee, a citizen advisory committee organized by the Rogers-Lowell Area Chamber of Commerce, helped oversee development of the Trails Master Plan. The plan links schools, parks, commercial centers and neighborhoods to each other and the Northwest Arkansas region with connections to the trail systems of surrounding cities by way of the Northwest Arkansas Razorback Greenway. City trail heads include Blossom Way, Cambridge, Horsebarn, Lake Atalanta, Mercy and Turtle Creek. For more details, call (479) 621-1117. Pick up maps at the Visitor Center located in downtown Rogers inside the Rogers-Lowell Area Chamber of Commerce office.

The system's trails have several spurs for easy access and exit, while the surface is skinny-tire friendly and striped for both directions of traffic. Solid and dashed lines identify safe passing areas, and sections of the trail run over nearby creeks to give riders scenery to ogle while pedaling. Engineers also put great thought into road crossings and wayfaring signage – crossings are well marked or routed over, under or around roads where possible. Drivers here are used to bicyclists and give them plenty of space. And there are many facilities nearby, from bike shops to gas stations and convenience stores for those unforeseen circumstances.

Bentonville offers the 14-mile Slaughter

The Rogers-Lowell Area is a great place to experience an amazing range of historical sites. Numerous museums and parks bring alive the past in exciting ways. Both Walmart and Daisy Manufacturing have their roots in Rogers and no trip to the area is complete without a visit to these popular attractions.

## THE BIRTHPLACE OF WALMART WALMART - IT ALL STARTED IN ROGERS

From its humble beginnings as a small discount retailer in Rogers, Walmart has opened thousands of stores in the U.S. and expanded internationally. Through innovation, it is creating a seamless experience to let customers shop anytime and anywhere

online, through mobile devices and in stores. The company is creating opportunities and bringing value to customers and communities around the globe. Today, Walmart operates approximately 11,500 stores under 56 banners in 27 countries and eCommerce websites in 10 countries. They employ approximately 2.2 million associates around the world - 1.5 million in the U.S. alone.

## CREATING OPPORTUNITIES FOR NORTHWEST ARKANSAS

In Northwest Arkansas, the company's contributions have been extremely significant. More than 22,000 Walmart associates live in the region, earning more than \$1 billion in wages. The company continues to grow and expand, creating hundreds of local jobs throughout Northwest Arkansas. Walmart generates millions of dollars in sales tax, which helps to fund local infrastructure and community needs. And, Walmart gives back to its community, providing millions of dollars annually to local charitable organizations. Through the Northwest Arkansas Giving Program,

WORLD'S LARGEST RETAILER OPENED ITS FIRST STORE IN ROGERS IN 1962

Walmart and the Walmart Foundation are committed to creating opportunities for the citizens of Northwest Arkansas to live better.

### OUTSTANDING CORPORATE CITIZENSHIP

Northwest Arkansas thrives today thanks to Walmart, and the retailer continues to stay true to its local roots and remains an outstanding corporate citizen. Walmart has been the key to annual recruitment of associates, suppliers and support businesses to the region, and works in partnership with the Rogers-Lowell Area Chamber of Commerce to focus on amenities, community spirit and business atmosphere necessary to maintain and exceed the expectations for a high quality of life and sense of place as Walmart's home.

### DAISY AIRGUN MUSEUM

Daisy Manufacturing Company has called Rogers home since 1958, when the company moved to Arkansas from Plymouth, Michigan. The Rogers Daisy Airgun Museum, located in downtown Rogers, is home to the world's largest collection of antique airguns, BB guns and commemorative rifles. More than 150 air rifles and toys are on display, including Napoleon-era guns, original advertising and pieces from the seventeenth century to modern movie memorabilia, vintage Daisy products and Red Ryder collectibles. Autographed photos of the crews of Apollo 12, 14, 16 and 17 are among the items now on permanent view.

Daisy collectors may enjoy a chronological presentation of Daisy history, view old packaging and advertising. Baby boomers come to see an example of the first Daisy made and to see and talk about the one they had as a youngster. Shoppers come to see the complete line of current Daisy

## LOWELL HISTORICAL MUSEUM

Lowell was a small community originally known as Bloomington, located along Old Wire Road where the Butterfield Stagecoach stopped. Bloomington was known as "Mudtown" by many early travelers due to their wagons getting stuck in the muck and having to be pulled out. In the Spring of 1881, the community of Bloomington moved a short distance west to be along the new railroad. This new town was officially named Lowell, however the nickname "Mudtown" has stuck with the community ever since.

Conveniently located in downtown Lowell, the Lowell Historical Museum (LHM) features memorabilia, antiques and photos from the city's colorful past. The LHM is comprised of a dedicated staff of volunteers committed to educating the populace about the rich history of the city. The museum takes you on an adventure back in time to show what life was like in this wonderful town from the Civil War era to present.

## BELLA VISTA HISTORICAL SOCIETY'S BELLA VISTA MUSEUM

Bella Vista was started as a small summer resort a few miles north of Bentonville in 1915. It became a large unincorporated village in 1965 and was incorporated as a city in 2006. Trace its evolution over the past 100 years at the Bella Vista Museum, located at 1885 Bella Vista Way. [www.BellaVistaMuseum.org](http://www.BellaVistaMuseum.org)

## THE WALMART MUSEUM

When Sam Walton opened his 5&10 on the Bentonville town square in 1950,

he had no idea he'd planted the seeds for what would become the global leader in retail. Today, that humble little dime store is the location of The Walmart Museum. A family-friendly experience in three parts, the museum features a world-class Interactive Exhibit Gallery, Walton's 5&10, and The Spark Café Soda Fountain.

### WALTON'S 5&10

A visit to Walton's 5&10 is like stepping back in time. Visitors can experience a piece of Sam Walton's history in a real, functional storefront setting. The store boasts original floor tiles and an original tin ceiling, as well as toys, candy and books straight out of an earlier era.

### INTERACTIVE EXHIBIT GALLERY

Step through the store and into a collection of images, items and information on the history of Walmart and the Walton family from over the years. This multi-room gallery showcases Sam Walton's life and leadership in making Walmart into a company that helps customers save money and live better. Visitors can look, touch and explore through a series of family-friendly, interactive displays. All the exhibits are designed as giant scrapbooks that tell the story of Walmart through words, images, artifacts and interactive displays like the virtual tour of Sam Walton's old office.

### THE SPARK CAFÉ SODA FOUNTAIN

Sam Walton loved many things: his family, his country, his business, flying, and people. But right up there is also his love of ice cream. The Spark Café is an

old-fashioned soda fountain where visitors can enjoy ice cream, sweet treats and beverages while taking in the beautiful and historic Bentonville Square. The music, movies and ice cream floats will take you back to a simpler, more carefree time.

[www.WalmartMuseum.com](http://www.WalmartMuseum.com).

## ROGERS FIRE DEPARTMENT MUSEUM

The Rogers Fire Department Museum located in Fire Station No. 1 at 301 N. First St. is filled with Rogers history and offers free tours of their facility. The most prominent item in the museum is "Old Hulda," the original fire truck purchased by Rogers in 1919. The American La France Pump truck was the first mechanized pump truck purchased by the Rogers Fire Department, and it could pump 350 gallons of water per minute, a vast contrast to the previous hand pumper. It has been restored to its original glory with the help of donations from Rogers' citizens. The fire department welcomes anyone to take a free tour of the museum, especially children.

## MUSEUM OF NATIVE AMERICAN HISTORY

Hundreds of years ago, when the first European explorers discovered the vast new world now known as the Americas, they found a race of people already living off the land. These tribal inhabitants soon became known as American Indians. The history of the U.S. is usually thought of as being discovered in the 1500's by explorers like Columbus, Desoto, and Cortez, but there is a much more ancient history that remains untold.

The Museum of Native American

History, located in Bentonville, invites you to "Walk Through America's Past," to give you a glimpse into what life was like for America's first inhabitants. The museum is divided into five different time periods that will guide you through the constant changing lives of the Native Americans, as seen through their artifacts. The displays feature relics that date from over 14,000 years old to historic times.

## ARKANSAS AIR & MILITARY MUSEUM

Follow the colorful history of aviation in Arkansas and American military conflicts through numerous displays of original artifacts and aviation memorabilia. ## HOUSE OF WEBSTER | GIFT SHOP

When visiting downtown Rogers, one stop you don't want to miss is the House of

That began the long tradition of gifting at House of Webster.

House of Webster has established itself as a national player in the wholesale jams and jellies market. ## THE 1907

High Street Development hosted a groundbreaking November 1, 2017 for The 1907, a historical renovation of the property formerly known as the Dollar Saver in downtown Rogers. The property, an old grocery store, is located at the corner of 1st and Walnut and opened in 2019. The 1907, named for the year it was originally built, features an event space, eleven one-bedroom apartments, and is home to a variety of eateries such as Yeyo's el Alma de Mexico and the headquarters of Onyx Coffee Lab. "We felt like it added a new element to build on the vibrancy that's been building in downtown Rogers, but it's also respectful of what's great about downtown Rogers already," said Ward Davis, a partner with High Street Real Estate and Development.
